ALL FOR CHEAPER GAS

of Madden Bill.

EXTORTION FOR MANY YEARS

at One Time, in Order to Conceal Transactions-Increase of Capital Say: Paid For in Stock Dividends,

If the people of Washington a year tory of corporate management, On the — day of ——ago, showed no interest in the measure 1883, the board of directors of the company passed the to reduce the price of gas here to 80 following resolution or order: to reduce the price of gas here to 80 cents—and this is the explanation given for reporting that bill adversely—they are not to be held guilty of the same shortcoming now. There is universal interest in Representative Madden's bill fixing the price of gas at 75 cents per thousand feet. Before his departure for Chicago to spend the holidays, he had revenue for the company, and by whom paid, including stockholder, when the company to spend the holidays, he had revenue for the company, and by whom paid, including stockholders, and the disposition made thereof—in other words, showing the financial transactions of the company. sand feet, Before his departure/for Chicago to spend the holidays, he had recelved several hundred letters from citizens commending him for the step he
had taken in this direction, as well as for
his effort to extend the street car transfer system. Upon his return, Mr. Madden intends to press both measures, and
the disposition made thereof—in other
words, showing the financial transactions and the disposition made thereof—in other
words, showing the financial transactions and the disposition made thereof—in other
words, showing the financial transactions and the disposition made thereof—in other
words, showing the financial transactions and the disposition made thereof—in other

words, showing the financial transactions and the disposition made thereof—in other
words, showing the financial transactions and the disposition made thereof—in other
words, showing the financial transactions and the disposition made thereof—in other
words, showing the financial transactions and the disposition made thereof—in other
words, showing the financial transactions and the five set of the company for eighten years, Alien, Lane &
Sectt, for \$100, or the ranhound transactions of the company for eighten years, Alien, Lane &
Sectt, for \$100, or theracheut, to be used in the manufacture of paper. * * * It is a significant
fact that the destruction of these books blotted out
from the public and the five set of the company for eighten years, to wit, from 188 to 1866—to
a Philadelphia paper house, Messrs, Alien, Lane &
Sectt, for \$100, or theracheut, to be used in the
manufacture of paper. * * * It is a significant
fact that the disposition made thereof—in other
words, showing the financial transactions of the company for eighten years, to wit, from 188 to 1866—to
a Philadelphia paper house, Messrs, Alien, Lane &
Sectt, for \$100, or theracheut, to be used in the
manufacture of paper. * * It is a significant
fact that the disposition made the d den intends to press both measures, and it is known that he will have the active support of influential Representatives and Senators. The District Commissioners will make a favorable report on the gas bill, it is stated. The attitude of the chairmen of the District Committees is problematical. The gas-house lobby will be busy, as usual, and endeavor to kill the measure in committee. The Business Men's Association and the Washington and the Washington and the Washington and the Washington are reported among its then steckholders, as representing carporate camings theretofore put into an extension of the plant, theretofore put into an extension of Men's Association and the Washington fairly applicable to the case. Board of Trade will doubtless take an Extraordinary Stock Dividends. immediate stand in support of the bill

Referring to your article in Friday's paper, under the subheading. "No interest shown in gas reduction macasure, and no action likely to be had this session." I quote the following: "Yesterday Charman Babsock, of the House District Committee, gave his views." "Le to the gas question, there really does not seem to be at this time much interest on the part of the people of the District." I don't know just now what, if any, complaint could be made as to the price of gas. I know that the price has been reduced at my request in Georgetown from \$1.25 to \$1.00."

I have before me my bill of the Georgetown Gas Light Company (the only company furnishing gas to the homes in Georgetown for the month, from October 22 to November 22, last, It reads:

Showed that seldom, indeed, had the declared dividends of the company fallen below 10 per cent, and that they had gone up as high as 65 per cent.

Senator Spooner, without spending more time on this subject of capitalization and earnings, went on to say:

It is very clear that its profits have been extraordinary and very far beyond any profits which a company for the purpose of influencing composation given by law a monopoly, or exclusive provocation given by law a monopoly, or exclusive provocation given by law a monopoly, or exclusive including mong its customers the United States government, should be permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from the sale of a common of the permitted to carn from
